

Good Afternoon SHS Band Students/Parents,

Congratulations to the SHS Concert Band on their “Excellent - II” performance this past Friday evening at Medina HS!

I am so proud of how our students represented themselves at this performance. They truly demonstrated and represented themselves as mature young adults and exhibited such professionalism. Our students have a lot to feel accomplished about from their performance, their growth as musicians, to the way they represented our community, high school, and band program.

From here we continue to grow from this experience and use the adjudicator comments to shape our focus and efforts for the few performances we have remaining for the school year.

Thank you to all that were able to come support the band at this event!
